

Invitation to Participate in a Study of Music Education in Canada

To parents of children in grades 7 to 12

Music is important for most students. It is also a subject for study in school. It can also be an activity outside of classes. We want to hear about what parents think about music education for their children in grades 7 to 12. Answering this survey can help us learn about what can be done to improve access to music education in schools.

Clicking on <https://tinyurl.com/bddujcz3> will take you to an information letter and consent form for the parent survey and to answer a 30-minute online anonymous survey.

This link <https://tinyurl.com/yuw86698> will take you to an information letter and consent form for your child. It is important to have the perspective of parents and their children. You must be a parent/guardian of a student in grade 7-12 in a PEI school.
